

WELCOME TO KINGSWELL GLEN!

Kingswell Glen Golf Club is a semi-private course tucked away in the beautiful town of Petrolia, Ontario. It originally opened as Glenview Golf Club in 1895 — a six-hole course that was inspired by St. Anne's in Scotland, and founded by Charlotte & Jake Englehart for their fellow oil barons, the rich, and the famous.

In the early days (when Petrolia was “dry”) the golf course’s clubhouse was a popular spot...and we can't wait to bring that legacy back to life.

The original clubhouse was built on Queen Street, but was torn down in 1965 because it had become too noisy for neighbours. But if you stop by the present day clubhouse, you'll still find a photo of its former glory, thanks to a gracious donation from Charlie Fairbank, another local oil legend.

Eventually, another clubhouse and curling rink were built, and in 2001 the course expanded to its current 18 hole layout -- with the new nine being built within the Glenview Estates subdivision. The curling rink has now been converted into an indoor sports complex and golf academy, and if you're curious to see what it looks like, just ask us! We will happily give you a tour.

The history of this course is as rich as the community it's a part of: from Glenview Golf Club to Glenview Golf and Curling Club, to Heritage Heights Golf Club, and now...*Kingswell Glen Golf Club!*

Our Vision

Kingswell Glen is more than just a golf course.

Our Philosophy

Golf isn't just about the birdies and bogies. It's about getting outside, moving your body, and challenging yourself. It's about sharing laughs and drinks; making memories and friends. Golf is about commitment and improving your game — it teaches you that you always have another chance to do better.

Our Mission

At Kingswell Glen we are committed to providing an experience that goes beyond golf. We want to create a space that nurtures meaningful connections, supports the local community, and brings people together to have some (much-needed) fun in the beautiful outdoors.

Our Vision

We want to disrupt the industry status quo because we don't want to be like the other golf clubs. We want Kingswell Glen to be known as a friendly, welcoming club that provides an exceptional game of golf and social experience for the whole family, while building a sustainable and beautiful course that integrates with the natural landscape of our beautiful town.

Our Commitment to Sustainability

Golf isn't just about the game.

It's also about getting outside to enjoy the natural beauty we're lucky enough to be surrounded with.

Just like Jake & Charlotte Englehart fell in love with the golf courses in Scotland and wanted to bring that magic home, we want to create a space that inspires and helps people fall in love with the beauty Petrolia has to offer. Because of that, Kingswell Glen is committed to developing + implementing effective strategies to improve the environmental sustainability of our golf course, and the local community.

We want to go the extra kilometer to ensure that what we're building with this golf course will support the ecosystem it exists in, which is why there is a sustainability fee of \$35 (tax free) for each member.

We hope that you're as invested in our vision for this community as we are — because if there's one thing we know, it's that working together is the only way to get anything done.

League Information**

One of our main goals at Kingswell Glen is to cultivate a real sense of community.

League play is one of the (many) ways that we make that happen.

It can be tough to meet new people — or even find time to see the friends you already have — which is why we're offering you an option for fun with your friends...and you don't have to plan a thing. Just show up at the same time every week (or whenever you can make it) and we'll take care of the rest.

What You're Investing In

Improvements to the course

For the 2020 and 2021 golf season, our focus was on restoring the greens to full health. Thanks to those efforts, many of our long-standing members have told us that the greens are the nicest they've seen in over 20 years.

As we prepare for the 2022 season, we'll be turning our attention to other areas of the course:

- **Creating new and repairing existing sand traps.** We have a three year plan budgeted for all the course bunker work. It will include the front 9 renovations for 2021, along with extensive back 9 work planned for 2022 and 2023. We are going to retile several of our existing hazards to improve drainage, as well as reshaping and adding new sand.
- **Building new and fixing the existing tee boxes.** We're going to work on levelling all our problem tee boxes and improving the overall aesthetic. After all, if you have to stand and wait while your buddy misses the ball (again), you might as well have a decent view.
- **Pruning and trimming trees.** This is going to be for both the health of the trees and to improve playability of the course. Pro: It will help the overall aesthetic. Con: You'll have fewer branches to blame your bad shots on.

Community Growth

Petrolia is our home, and we want to do everything we can to support this incredible small town and the people who live in it. That's why we are passionate about not just providing a great game of golf, but creating a business that is invested in the growth of its people and the surrounding community.

Whether it's growth opportunities for our team, partnering with local vendors (like craft breweries, building materials, and services) or donating to a good cause, we are here for you.

A membership at Kingswell Glen isn't just about the golf; it's about the community.

And we want YOU to be a part of it.
